I'm Sadam, a Software Engineer from Bali, Indonesia. I specialize in web development with 2+ years of experience in handling small to medium-scale web application projects. I am a framework-agnostic person and can easily adapt to any technology to achieve high-quality results. I have the ability to work in both individual and collaborative working environments.

Skills

- Front-end Web Development (CSS, SCSS, JavaScript, TypeScript, React)
- Database (MySQL, PostgreSQL, Firebase, MongoDB)
- Back-end Web Development (Node.js, Go, PHP, Laravel, REST API)
- Other Tools (Git, Docker, Cloud VPS)

Experience

May 2022 – December 2022 | Contract | Surabaya, Indonesia (Remote)

Web Developer | PT Wiraharja Graha Software

- Took part in the geniebook.com homepage revamp project.
- Develop REST API for a pharmacy management application.
- Most used tech-stack: CSS, JavaScript, PHP, Go and MySQL.

Apr 2022 – November 2022 | Internship | Singapore (Remote)

Front-end Software Engineer | Jojobug Tech Pte. Ltd.

- Developed some of the main features of Jojobug Blog Web App, such as post editor, article page, and several APIs.
- Develop several web templates based on Figma designs created by the UI team.
- Took part in Jojobug Landing Page development.
- Most used tech-stack: TypeScript, Node.js, React, Next.js, Tailwind, and Firebase.

Jan 2021 – Sep 2021 | Internship | Surabaya, Indonesia (Remote)

Web Developer | DPKKA Universitas Airlangga

- Designed, developed, and integrated new features for the DPKKA Website, such as a live-chat helpdesk, newsletter, and career counseling app.
- Maintained the Universitas Airlangga Alumni Website's Server.
- Assist with IT-related work at several events, such as Airlangga Online Career Fair (AOCF).
- Most used tech-stack: Vue, PHP, Laravel Framework, and MySQL.

Education

Aug 2018 – Jan 2022 | Surabaya, East Java Indonesia

Associate's Degree, Information System | Universitas Airlangga

- Graduated with Cumlaude predicate (GPA 3.52/4.00).
- Served as Communication and Informatics Staff of the Information System Student Association during the 2019-2021 period.
- Served as Communication and Informatics Staff of the Student Executive Board of the Faculty of Vocational Studies during the 2019-2020 period.

Certification
